- 3-5 years' experience in a Business Analyst role or Senior Commercial/Personal/Farm Underwriting Role.

BENEFITS AND REWARDS:

- Flexible work week and hours.
- Education Reimbursement Program.
- Group Benefits Plan (Health and Dental).

WHAT WILL YOU BE UP TO?

- Ensure Nova Mutual is a leading contributor to the insurance industry with respect to exceptional products and pricing.
- Impact business by enabling solutions through both compliance and innovation.
- Collaborate with stakeholders to ensure we are offering appropriate products and services for the needs of our current and future members.
- Navigate through issues, compliance requirements, contracts, and policy wordings.
- Draft insurance policy wording forms and bespoke endorsements based on coverage requirements.
- Champion the design and implementation of product and service development.
- Seeking insurtech partners to assist in the embedding of coverage where appropriate.
- Collaborate with all business units to achieve strategic short - and long-term goals.
- Perform market competitive analysis
- Create and propose suggested rating for products and services.
- Update, implement, and maintain policies and procedures.
- Assist with regulatory reporting.

At Nova Mutual, we are committed to cultivating a diverse, equitable and inclusive place of work. Diversity is not just a concept we occasionally speak to and is then forgotten. It is demonstrated in how we deal with our Members and our People, how we support the communities in which we live and work and how we conduct our daily business interactions. We are an equal opportunity employer.
